Dear Folks, 1641

We have a wonderful TV station at RFD TV. My husband and I have watched programs on there for as long as they have been in existence. Now my husband is gone and I watch it even more.

DOCKET FILE COPY ORIGINAL

We're country folks around here and hope that we can keep on enjoying the type of programming that we get through RFD TV. I'm 89 years old and I probably don't have too many years left to enjoy it.

Sincerely yours,

I watch RFD TV all the time and also some of the other independent channels on Direct TV. With 200 channels to watch, sometimes it is still hard to find any thing to watch. If the independents are permitted to be pushed out, a great diversity of programming will be lost forever. Please consider my comment.

Dear FCC,

We receive the RFD Channel on our DISH network, and we can't imagine life without it. We are farmers, and the information about agriculture is not found anywhere else.

Please do what you can to keep cable companies from taking RFD off the air. There are millions of families benefiting from this channel.

Thank you!

Sincerely,

Dear FCC, Well

As one of the few producers of food & fibre that remain in our fine country, I truly appreciate all of the relevant information to do with rural life that is provided by RFD TV.

Please do all in your power to insure that this availability remains.

P.S. We enjoy RFD TV on Disk. Thank You,

I am obviously upset with some
one trying to take our RFD TV
channel off the air. I am 89 years
old and find very little on the
TV channels that I enjoy watching.
So if Verizon removes them, I will
cancel my phone contract with
them - that is a promise!

Please keep our RFD TV channels
as I know many other senior
citizens enjoy them too.

We are retired farmers who watch the RFD programs most of our T.V viewing time. Along with several of our friends and relatives.

We like the Music Programs on Friday & Saturday, the tractor and animal sales, weather reports and ag & market news.

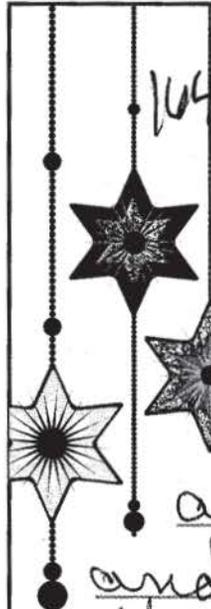

If these programs are no longer available to us it will be a great loss.

We have been a dish customer for many years.

We do not know why you want to do away with RFD. It's the only channel that has moral shows on and things my husband and I enjoy. We're country folks and enjoy tractor auctions and country music shows on and older type country shows.

FCC: Re: 16-41

We need for you to please pay attention to all of us viewers out here in TV land who support our rural independent programming stations

I like very much viewing RFDTV over my DirectTV Cable network. RFDTV offers me nearly everything I need every day plus much needed entertainment such as news, weather, music, dancing, education, road trips, auctions, tractor pulls, rodeos, our old friends ~~DOG FILE COPY ORIGINAL~~ and Ole Opry to name a few.

It provides us with so many hours of entertainment which is not provided on our other channels

RFDTV is important to people of all ages, race, creed and careers (not just farmers)

I am a woman nearing 80 →

years of age in good health
and I depend on my rural
independent programs to
get me through my day.

Please know we want
you to not cut these
independent stations on the
air - we count on them!

Thank you for your
time and consideration.

To Whom It May Concern,

I am writing this letter in regards to the FCC trying to drop the RFD-TV channel. I have written one time and am doing so again. I'm asking you, please don't drop this channel. My Father is a 87 yr. old retired Farmer and he is not able to do the things he used to, but he does really enjoy looking at RFD-TV and so do I sometimes. ~~DOCKET FILE COPY ORIGINAL~~ daughter and I watch some of the music shows and some of the cooking shows as well as others. My Dad spends the better part of his day looking at RFD-TV. I also have a nephew who is a farmer and he likes it too. Why does the FCC want to ruin it for so many people. I am asking you once again, please

00er-7

don't take this channel RFD-TV. off
of my DirectV. I'm asking for
myself and ^m4 Father.

Sincerely,

Kathy G. Oakes
